

IN RE: Application of Chem-Nuclear Systems, LLC)
for Approval of Allowable Costs.) ORDER GRANTING
EXTENSION

This matter comes before the Public Service Commission of South Carolina (the “Commission”) on the request of the South Carolina Budget and Control Board (the “Board”) for an extension of time for all responding parties to prefile testimony and exhibits regarding the Application of Chem-Nuclear Systems, LLC (“Chem-Nuclear” or the “Applicant”) for approval of allowable costs. Counsel for the Board submitted the request for an extension by letter dated March 21, 2001. By previous extension granted in Commission Order No. 2001-226, responding parties were to prefile testimony on March 23, 2001. The recent request provided that the Board had anticipated having discovery completed prior to prefiling testimony, but due to the last deposition of Craig Bartlett, Duratek Controller, being rescheduled for March 23, 2001, the Board was unable to have discovery completed prior to prefiling date; therefore, the Board requests an extension to prefile testimony and exhibits to March 26, 2001. We grant the extension. Accordingly, the prefiled testimony and exhibits from the Commission Staff and/or all other responding parties shall be filed with the Commission and served on the parties on or before March 26, 2001.

MARCH 28, 2001
